From Editor-in-Chief

Dear Readers

In this June 2019 issue of the journal you can find article on management of deep venous thrombosis in general surgery, review article on strategy of preservation subvalvular structures in mitral valve replacement surgery and quizzes on electrophysiology and pacemaker.

This issue also comprises the papers and abstracts from the international Scientific-Practical Conference dedicated to the 60 Years of the First Heart Surgery and 15 Years of Scientific Research Institute of Heart Surgery and Organs Transplantation held between 15-19 May 2019 in Bishkek and Issyk-Kul, Kyrgyzstan.

We encourage sending letters to the editors discussing articles published in the journal and issues of interest for readers of our journal.
